

Dear aunty Alison

We are finally in the new school. One of my favourite things about it is the HEATED FLOOR. The other is CLASS 1. The reason I like class 1 better is because in lots of corners they have lots of play stuff. If they are lucky they get to play in lesson time. All we have is books and wet play stuff.

From Meg

My favourite bit about the new school is the quiet area because if you are upset you can go in the quiet area and someone can come along and ask you to play with them.

Alex Y

To Georgia

In the new school there is a bigger hall and the toilets are my favourite. They have a blow dryer and they have electric lights. THE SCHOOL IS BRILLIANT! From Madeline

I LIKE OUR NEW SCHOOL. THE TOILETS ARE MUCH BETTER THAN THE OLD ONES BECAUSE ONE OF THE OLD ONES WOULDN'T LOCK AND THEY DIDN'T FLUSH. THE NEW TOILETS ARE EXCELLENT AND BOTH OF THEM WILL FLUSH AND BOTH OF THEM WILL LOCK. ONE GIRL NAMED ERIN IN CLASS 3 LIKES HER NEW CLASSROOM BEST.

**THE NEW SCHOOL IS FINISHED  
MY FAVOURITE PART OF THE NEW SCHOOL IS THE TOILETS  
ANGUS**

I think the new school building is great because my favourite bit is the library. The windows are electric and the lights are electric. The books are very good. The toilets are tiny.  
**Harriet**

Dear Auntie

On Wednesday Class 3 moved into the new school building, I was telling you about. That Friday Class 1, Class 2, Class 3 and Class 4 were finally in the new school together and we ate in the new hall. My favourite part of the new building is the library. It is a very peaceful place. When you first walk into the new school it feels nice and warm because of the under floor heating. It also has electric windows and pulley curtains. We do have problems with the under floor heating because it gets very hot at times. See you soon.

From **Grace**

My favourite part of the new school is the library. It is very big and has lots of books. You can sit down and read a book as well as learning different subjects. In the library there is a printer and next door to the library there is the staffroom, and next door to the staffroom there is a mini kitchen and mini toilets, and then there's playgroup.
