

# A Day at the Newmarket Races

Friday, 23rd May 2008

Having just finished their SATS Class 4 were able to enjoy a relaxing afternoon at the races, courtesy of The Winning Post scheme they have been part of during last term.

While waiting to see the horses in the paddock prior to the first race Mr Dennington explains the finer points of racing.

While watching the horses everyone chose a horse they thought might win, or rather a horse they liked the look of or liked the name of such as Plum Pudding, Ask the Butler and Kiss the Camera! Some were better at picking a winner than others!

There was time for refreshments and it is to the children's credit that on two occasions their good behaviour was commented on.

During the Spring Term Class 4 had had the opportunity to look round the Rowley Mile stadium including the Queen's box. They had also worked hard on IT related topics learning to input data into spreadsheets and to do power point presentations (which they hope to show to parents later this term).

Sponsored by the Racing industry, Suffolk and Cambridge County Council and Ipswich Town Football Club, the Winning Post scheme provided the children with a great educational experience.

Premier tickets meant access to good seats and view-points close to the action.

Excitement shows in their faces as the horses cross the finishing line.

Mr Dennington adds up the scores!
