

## Stibbington - March 08

We have been learning about Britain in the 1940s. We spent an exciting day as evacuees at Stibbington near Peterborough. We were each given a name of a child who had been evacuated to Stibbington from London. The whole day gave us a real feel of what life was like for children during the war years and how difficult it must have been for them to be separated from their parents.

This is me and Kane putting our gas masks on. I am folding my arms waiting for the next instruction. *Joe*

The gas masks weren't very nice, but the rest of the day was GREAT. *Saffron*

This is me using ink pens to do our spellings. *Rianna*
